

## Immigration pricing

The fees set out below cover all of the work in relation to the following key stages of an application, namely:

- Discussing your circumstances in detail and confirming whether this is the most appropriate application for you to make and what other options may be available to you.
- Advising on the application process from document gathering to obtaining a decision.
- Advising on the exact documentation required for an application.
- Reviewing the documents to ensure that they are sufficient and Home Office compliant.
- Assisting where necessary, to obtain further evidence (such as bank statements/letters and portfolios), including taking statements of any witnesses.
- Completing all application forms relevant to the application.
- Drafting a legal representation cover letter to accompany the application detailing the relevant immigration law.
- Arranging all relevant Home Office appointments (where applicable) and otherwise acting as the point of contact between applicants and the Home Office.
- Preparing applications for submission.

Most applications can be prepared within 1-3 weeks. Where required, we can accommodate to expedite the preparation of applications for urgent submissions.

For Tier 2 applications consisting of a Resident Labour Market Test, licence application, restricted certificate of sponsorship and a Tier 2 visa application, timeframes range between 3-5 months from the date of instruction to the grant of the visa.

Our price ranges for the preparation and submission of immigration applications are as follows:

- Simple case: **£500 - £4,999** (excluding VAT)
- Medium complexity case: **£5,000-£15,999** (excluding VAT)
- High complexity case: **£16,000-£60,000** (excluding VAT)

Our price ranges for administrative reviews and appeals are as follows:

- Simple case: **£2,000 - £4,999** (excluding VAT)
- Medium complexity case: **£5,000-£9,999** (excluding VAT)
- High complexity case: **£10,000-£60,000** (excluding VAT)

Depending on the complexity of a case, our fees may be charged at an hourly rate or as a fixed fee.

Factors that could make a case more complex include:

- The amount of supporting evidence that we need to consider
- Whether you are applying with other dependants
- The timescale in which the application must be submitted

If you are able to provide sufficient evidence at the outset and clearly meet the applicable Immigration Rules, the cost is likely to be at the lower end of this range.

The costs quoted here do not include any Home Office fees (<https://www.gov.uk/government/publications/visa-regulations-revised-table>) for making the application. You will pay this to the Home Office directly as part of the application process.
